High School Diploma
Maseer's - Maharashtra Institute of Technology, Ahmednagar, Maharashtra
Graduation Date: January 2022 | Percentage: 72%

PROJECTS

Image Search Engine

- Designed and built an interactive image search engine leveraging the Unsplash API to deliver high-quality images based on search terms.
- Focused on creating a responsive and user-friendly interface with HTML, CSS, and JavaScript, optimizing the experience by ensuring fast image loading times and smooth navigation.

Little Lemon Restaurant (Front-End Development)

- Crafted a responsive and visually appealing user interface for a restaurant website using HTML, CSS, JavaScript, and React.js.
- Integrated interactive features like an online reservation system and a dynamic menu display, while ensuring the website was fully optimized for both desktop and mobile views.

CERTIFICATIONS

- **Intermediate SQL Developer** - Datacamp
- **Meta Front-End Developer Professional Certificate - Coursera**
  View Certification
